G. H. Reynolds died on the 17, of May and was laid to rest on the 18th, in the Pine Hill cemetery. He leaves a wife and several children and a host of friends to mourn his death.—On the 18th, Mrs. Smothers died and was laid to rest on the 19th, in the Griffin cemetery. She leaves a son and a host of friends to mourn her death.—Also on the 19th there was a burying in the Pine Hill cemetery, a son of Charley Thomason's wife. Brother Bell conducted the services at the school house.

Mr. Editor it looks like that Pine Hill will soon come to the front after being dead so long. The work has begun in earnest. There are quite a number of men at work opening the coal mines and making cross ties for the company, and there are 8 or 10 carpenters here to go to work on houses for the laborers and we understand that the company wants 40 or 50 men at once to work on the railroad track and other work. Mr. Hutchcraft is here and several other gentlemen who belong to the company or represents the company. We learn when they get the plant in operation it will give work for 500 to 800 men. Then that will give us a town of from 4000 to 6000 population. Land is going up every day.—Uncle George Doan sold A. J. Pike a site for the erection of a store house a few days ago. Have not learned the price he paid.—Sam Reynolds has some lots in front of the Baptist church and has been offered a fancy price for them by several parties.—Wm. Hansel has been offered a nice price for his property.—Sam Reynolds is building a nice 3 room cottage on the hill near Wm. Hansel's store. W. R. Thomas and Wm. Mardis are doing the carpenter work.—We understand that A. J. Pike will commence his store house in a few days. He has the lumber

already sawed at Tom Paynes' mill.—Tom Payne will move his mill on the company's land at once to cut lumber for them.—It is to be hoped that in a short time we can hear several whistles around Pine Hill.—As Mr. Sparks writes in last week's paper, we hope to see a hotel in Pine Hill as well as Mt. Vernon. We have four stores now in Pine Hill and will soon have another one and we expect the company will build a large commissary soon. Then we will expect to keep all the business in Pine Hill that we can get. Then we can compete with our sister town, Mt. Vernon. Whoop up Pine Hill and help to push the good work on. It will prove a blessing to the county.—Mrs. John Sears has come from Corbin to spend the summer with her sister, Mrs. Mary Hansel in Pine Hill.

Charley Baker and wife and baby are visiting his parents at Pine Hill this week.—Buck Sowder is here from Lebanon Jct. to see his father-in-law. His wife is with him.—The Holy Rollers had one more time at the school house Saturday night and Sunday. Preachers Davis, Blackburn and Charley Scott preached and all hands shouted and danced the Holy dance. It was a jubilee with them.

**ESCAPES AN AWFUL FATE**  
A thousand tongues could not express the gratitude of Mrs. J. E. Cox of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough, she writes. 'Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now.' ## LEBANON JUNCTION.

Mrs. Thos. Capps is visiting her sister Mrs. Albright, at Rowland, and will visit her mother, Mrs. Bettie Brown, near Brodhead before returning home. Mr. Capps is attending the state encampment Knights Templar at Paris.—Mr. Albert Wilker, aged about sixty, died and was buried Sunday evening in the Collins cemetery, near Belmont. He had been in failing health for

some time and it is thought the excitement caused by the fire Friday night hastened the end. He was the father of engineers Tom and Harve Wilker.—Roy Mullins was painfully but not seriously injured while fighting fire Friday night. A large pane of plate glass broke and fell upon him, cutting some ugly gashes in his arms and legs.—Prof. and Mrs. C. W. W. Newland went up to Brodhead Tuesday.—Mila Hawkins, from the lunch counter at Brodhead is here with his family a few days.—This town was visited by one of the most destructive fires in its history last Friday evening which was first discovered on the third floor of Aaron Davis' dry goods store about six o'clock. It was impossible to get to the fire to try to extinguish it until too far gone. The flames soon leaped across the street to Dr. O. E. Johnson's drug store, then up the street taking everything on its path. Every house in the block burned which included Dr. Johnson's drug store, Jenkin's pool room, Tatero's barber shop, R. L. Mudd's Jewelry store, the K. P. Hall, a residence owned by Heft Bros. but occupied by a Mr. Newton, and Dr. Napper's residence. Mr. Newton, Dr. Napper and R. L. Mudd saved everything most, but the balance suffered a total loss except, perhaps, barber Tatero, saved a few articles. The Hocker Hotel, now run by S. K. district will soon be rebuilt and Clark, was saved only by the hard-fought, as also was Roney's lous buildings. The Cumberland large store, Mobley's clothing Telephone Co also suffered considerable loss, as all their wires establishment, Wickersham's drug store and Bowling's barber shop, connecting their exchange here. The entire loss is variously estimated from \$35,000 to \$55,000. days, and a crew of four or five men worked three or four days. Indications are that the burnt o repair it.

Fourie is building a new residence on Main St. and is ainting his house himself. This may seem strange that a blind man could paint but he is doing a splendid job. —W. M. Preston has returned from Louisville. —J. A. Oliver was in Mt. Vernon Tuesday. —We see in the columns of the SIGNAL a letter from Mr. W. J. Sparks and we note that he asked that a pike be built from Mt. Vernon to Pine Hill. This is all right but he stoped five miles too soon and we had a talk with Judge Lewis and he said it was certain that a pike would be built to Pine Hill in the near future and eventually to Livingston. We are not so much interested in the pike as we are in a bridge. Give us a bridge across the river and we will not name the pike. So you will find us camping on your trail until this is done. —Miss Nettie Rice has returned from Stanford.

## PANAMA-PACIFIC TO

FOLLOWING the battleship parade into San Francisco harbor at the opening of the Panama-Pacific International exposition there will be a program of events of world interest and importance in a succession of two months apart interspersed with lesser events—yacht races and motorboat races of an international character for great trophies and cash prizes, aviation meet with the famous bird men of the world, Olympic games in which the athletes of the world will take part, intercollegiate contests, automobile race in which the holders of the world's records will participate in the automobile races of every nation, military maneuvers in which the crack infantry and cavalry of this and other nations will participate upon an extended scale. The location of the exposition gives widest scope for the greatest international sports program in history. The auto races will pass into Golden Gate park, before the concrete coliseum which will have a seating capacity of 75,000 people. The military maneuvers and Olympic games will also be held in the stadium. On San Francisco bay motorboats will vie for the world's records before the Harbor View site of the exposition. The yachtsmen of the world will sail from Europe across the Atlantic to New York and then through the Panama canal to San Francisco.

The Panama-Pacific International exposition was first proposed by Mr. R. B. Hale, a merchant of San Francisco, in 1904. Mr. Hale wrote a letter to the Merchants' association, and the idea took like wildfire. At that time it was anticipated that the canal would be opened in 1913, and 1913 was the date set for the exposition. An organization of the commercial bodies began the preliminary work, but in 1906 came the fire. No one was dismayed. In a shack built over embers hardly cool a

ST. FRANCIS MEMORIAL TOWER.

The contributions of China and Japan toward the exposition in magnificence and variety will surpass anything ever seen outside of the orient and even in the far east itself. A con-

Yellowstone National park, Great Salt Lake, Puget sound, the inland trip to Alaska, the government's huge reclamation projects in sixteen western states, the Columbia river region, the redwood forests of California, the fir of Oregon, the big trees on the approach to the Yosemite, Arizona and New Mexico, youngest of the states; Nevada and some of the greatest mining camps in the world. Perhaps most interesting of all will be the opportunity for a trip through the Panama canal either coming or going.

The reconstruction of San Francisco is one of the greatest miracles within the history of American municipalities. Five hundred and eighty city blocks, embracing the principal business and residential portions of the city, were wiped from the earth in 1906. The streets were covered in some places with debris forty feet deep, yet today a stranger to the city would never know from its appearance that a fire had occurred.

The loss through the fire is estimated by insurance underwriters at \$400,000,000. To reconstruct San Francisco cost far greater wealth than was destroyed by the fire and far exceeded the cost of building the Panama canal. Since the fire \$242,000,000 has been expended upon new buildings alone.

Today San Francisco is the newest city in the world. Its buildings represent the latest type of modern reinforced concrete structures. It has more than 1,300 hotels and apartment houses, with accommodations to suit all persons.

In preparing for the Panama-Pacific International exposition hundreds of its emissaries are visiting all the regions of the world. Fourteen governors of western states on a 4,000 mile trip through the east on a special train recently called attention to the exposition and became better acquainted with their brothers of the eastern states.

dry goods merchant placed a great sign, "Panama-Pacific International Exposition, San Francisco, 1913," and this became the battlecry in the fight to build a new city.

Of more than \$20,000,000 now appropriated by California \$7,000,000 has been raised by popular subscriptions. \$4,000,000 is assured through a special act of the legislature permitting the counties to tax themselves for exposition purposes. \$5,000,000 was appropriated by the state of California, and San Francisco has voted a bond issue of \$5,000,000. This is the largest sum that has ever been raised for a world's exposition at an initial stage. But it is only a starter.

extended several hundred feet and work will commence at once.

—Robert Shiplet the butcher is still adding to his shop and at present he has the best shop in Eastern Ky. —Willie Yaden was in Brodhead last Sunday. We think there will be another wedding soon. —Mrs. W. T. Merline and children, of Paris, are visiting Mrs. Geo. Pope. —Alvin Carlet is suffering from a badly mashed foot. —C. C. Howell, the proprietor of the Eight Gable restaurant, was in Brodhead Sunday. —Marshal Pennington arrested David Smith Sunday and took him to Mt. Vernon. Dave had taken too much bug juice and was inclined to be happy. —N. W. Bonds and Mr. Ashby, of Oakland, who own 30,000 acres of timber in Jackson county under laid with the finest coal in the State came through from Hildesburg Ky., to Livingston looking out the route for the new railroad and they said the road was a sure go but it may be six months yet before work will begin but it is certain. —With a million dollar plant at Pine Hill and a new railroad here it will look like something is coming our way. —Fred Mullins of Mullins Station visits our town often since a certain girl has returned from school. —Mrs. John

Cartier and daughter, of Lebanon Junction are visiting relatives here this week. —Uncle Geo. Pope improves slowly. —Mrs. L. H. Davis is with relatives in Berea this week. —John Fields and a party of fishermen from Maywood arrived here Saturday and went up the river for a weeks stay. —We had the pleasure on last Saturday of meeting our old friend Ike Bowman, father of County Court Clerk, S. P. Bowman, and if there was a jolly fellow it is Ike, no man can wear a long face and be in his company. He related his life from infancy up to the present time, told of his longing to own a farm in the blue grass and his experience while there and his desire to get back to Jackson.

WHAT EXTANS ADMIRE. is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife I believe they are the best made." Excellent for stomach, liver or kidney troubles. 25 cts. Chas. C. Davis.

Eld. A. C. Giffith will preach at Watts Chapel Church house the 2nd. Saturday night, Sunday and Sunday night in June. The three subjects will be the seven headed, ten horned beast of Revelation.

One of the directors of the exposition is now in Japan. It is said that his majesty the Emperor Mutsuhito will donate the use of the imperial art collection to the exposition. The board of lady managers, of which Mrs. Phoebe Hearst is honorary president, is independently taking up those phases of the exposition that belong particularly to woman's domain.

The setting is being prepared. With impressive exposition structures rising from San Francisco bay, with city and wooded slopes as a background and in the foreground a vast fleet of battleships of the world, the sight will be one of the magnificent spectacles of history.

Our people should cultivate strawberries. A big number of dollars are sent out of county every season for them. This money could be retained here. The SIGNAL has spoken of the matter time and again; but few seem to have taken advantage of the opportunity to raise this crop which is ready cash.

A. Pennington, marshal at Livingston, is making the lawbreakers lead a hard life. He pulls everything that staggers upon the streets and puts them thru a course of sprouts that tends to discourage any desire or inclination toward wabbling within town limits. If anyone in Livingston wishes to imbibe to the wabbling limit he must do so at home and avoid the streets for the marshal will surely get them "if they don't look out".

In view of the coming exhibition of the BRODHEAD FAIR the management will make a special effort to get Special Trains each day during the FAIR to accommodate the people. This no doubt will be extremely necessary, in as much as the attractions, will bring to the fair, many more people than have ever been seen in attendance before.

Every effort is being made to make this the BIGGEST success in the record of the Fair Association, and to give the people the most for their money.

ALL ROADS LEAD TO PINEVILLE

The Convention of the Christian Woman's Board of Missions and Christian Bible Schools of the 11th District will be held at Pineville Friday evening Saturday and Sunday, June 7-9. A splendid programme has been arranged for each day and evening. One of the speakers will be Pre ident R. H. Crossfield of Transylvania University, who will speak at 11 A. M. Sunday.

Every Christian Bible School in the counties of Bell, Knox, Rockcastle, Whitley and Laurel is expected to send one or more delegates and a report of the school if not already mailed to District Secretary. Each delegate is asked to send name, also state time they expect to arrive, to Miss Ida Moss, Pineville, Ky., immediately, so arrangements for entertainment can be perfected.

The Bright Spot

ALL AROUND THE CORNER NEXT TO COURT HOUSE

The Brown Memorial school closed Tuesday night, the most successful year's work, the school has ever had. In attendance, the number of boarding pupils reached the limit and the day pupils increased the number to almost the capacity of the school. The character of work done, was of the very highest, and those who have witnessed the closing exercises, and have examined the display of work done in the several departments as offered for inspection at the Langdon home on last Friday evening, are convinced of the thoroughness and excellence of the work which the students of Brown Memorial are doing. Not only in a literary sense, but in other lines, as well, including sewing, and that very important art, of which so few young ladies of this day know any thing about, the art of the culinary department. The school has been all that the Principal Miss McCord, could hope or wish for, this year, by reason of the fact that up until Christmas, the need of room made it a little difficult to handle the large number of students successfully, but now that the new class rooms, and rooming apartments are in readiness for the opening of school next September, those in charge expect greater and better results for Brown Memorial than ever before. With the exception of Miss OsKamp, the Domestic science teacher and probably Miss Dodson, the music teacher, the faculty for next year will be the same as for the year just closed. The closing exercises embraced the musical recital on Thursday evening, the undergraduate exercises Friday evening, Eighth grade graduation exercises, Monday evening and Commencement, paper on Tuesday evening. The only graduate this year was Miss Bernice Landrum. The class address by Pres. John C. Acheson was an able and masterly presentation of the Life Triumphant, while the piano solos by Miss Dodson and Miss Shaler and the vocal solos by Mrs. Smith of Danville were musical treats. Most all the members of the faculty and students, who have not already gone, will leave today or tomorrow for their respective homes. Miss McCord will leave about the middle of June for her summer vacation.

Frank Farmer and Miss Virgie Sowder were married last week, also Mr. Henry Wilson and Miss Louise Darnel.

The exercises at the Graded school last evening, consisting of drills, marches and music was thoroughly enjoyed by the large crowd which more than taxed even the standing room of the chapel. To-night is the close of the Graded school which has been a very successful year.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by Chas. C. Davis.

NOTICE TO SUNDAY SCHOOLS.

The Rockcastle county Sunday School Association will meet early in July, in Mt. Vernon. We are planning for a great convention, and want every Sunday School in the county represented. Please do not neglect this. Each Supt., at least, should attend, and bring all the teachers. It is going to be a help to every one interested in our girls and boys. And above all, let each school bring a good offering. It was resolved, at the convention last year that each school be asked to contribute \$1 in order that our county apportionment which has been decreased to only \$15 might be raised. Dear friends and fellow-workers, will it not be a great joy, to do our part in this glorious work? Watch for the program later. I. B. Chestnut, Pres.

Few people get at heart of the telephone operator's real life. The telephone operator helps along the world's work. Each call may have its individuality, its surprises its share of tragedy or comedy.

One of the most tragic of French plays is entitled "At the Telephone". A man being called of his city office from his country home at night leaves his wife and children unprotected. The telephone rings. He takes down the receiver. The trembling voice tells him that burglars are in the house. A scream follows. Fascinated with horror, he holds the receiver to his ear until he hears the struggle, the death blow the murder of his wife.

## Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zions, Va., writes: "I had been failing in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicine, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

## Hanna's Green Seal "THE MADE-TO-WEAR PAINT"

Has stood the test of time and has been improved in quality with the passing years. Many brands of paint are offered for sale and quite often careful scrutiny is not given the subject with reference to the quality of the paint to be used.

Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

**TAKE CARDUI The Woman's Tonic**

Mrs. Jane Calahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.
